

RED BACTERIA VACUUM

hailed from Osaka Japan!

All-female Head banging hardcore punk rock band from Osaka. They have participated many compilation albums. Both of their CD and their live performance are terrifyingly good!! Three pretty girls come up to the stage] and start playing non stop from the beginning to the end... head banging and never say anything...It's so cool!! Their new album ROLLER COASTER was released in USA from BENTEN TOKYO in Jan. 2006. Then they had Japan Girls Nite west coast tour with 2 other Japanese all girl punk bands, TsuShiMaMiRe and THE AMPEZ. The tour was phenomenal and made lots of RBV fans in USA!
